Subject: Security at EPA-Cincinnati Facilities

Colleagues,

OARM-Cincinnati continually works with local, state and federal law enforcement officials to ensure that the security posture of our facilities aligns with current conditions. In preparation for tomorrow's inauguration, our security professionals continue to be in close contact with the law enforcement community and remain committed to ensuring a safe workplace.

In order to ensure the safety and security of EPA-Cincinnati facilities, we ask that employees continue to use telework to the maximum extent possible. Continue to be mindful of your surroundings and don't wear your government ID outside of the facility.

Finally, security is everyone's responsibility so, "if you see something, say something," by calling 513-569-7597 and alerting campus security to any suspicious activity.

Thank you and stay safe.

Vique Caro
